

Career Objective: To become one of the most successful software developers and work under the tech giants of the revolutionary world to bring change through technology on a global scale and spread knowledge and philanthropy.

Education:

Bachelor's in Engineering (B.E), Computer Engineering, (3.56) *August, 2015 - June, 2019*

Institute:

L.J. Institute of Engineering and Technology

Work Experience:

Associate Software Engineer, Accenture, Hyderabad *March, 2021- Till Date*

- My task as a Quality Assurance engineer is to work on full-stack web application and test if the newer functionalities, as part of business requirements, are working as expected.
- I validate data in the database using SQL on various databases such as Impala, Hive and Oracle.
- Both on the front-end and database end I work closely on JIRA and KANBAN board giving me exposure to the software development lifecycle.
- Working on international banking domain gives me exposure to banking business as well allowing me to explore a wider spectrum of knowledge.

Internships:

Technical Intern, Terminal Trend, Ahmedabad *January, 2021 – February, 2021*

- Learned JavaScript from scratch and developed front-end applications using core JavaScript.
- Created multiple front-end user interactive games using only HTML, CSS and JavaScript.

Group Projects:

Health and Exercise Web Application *Semester 7 – Semester 8*

- Used PHP to create a web application which calculates users' BMI based on their inputs and suggests diet plans and exercise accordingly.
- Used Oracle for database management so that the data can be stored and fetched easily.

Independent Coursework: Basic Game Development with Java, Data Structures, Algorithms, Learn the working of web-application using maven, Oracle Cloud Infrastructure, CISCO-NDG Linux Unhatched.

Skills and Expertise:

- **Technical Skills:** Java, C++, Python, SQL, Git, GitHub, Eclipse, Impala, Hive, Oracle, Toad for Oracle, PuTTY, Data Structures, Algorithms, Software Development Life Cycle, Microsoft Office
- **Organizational Skills:** Public speaking, Online teaching
- **Languages Known:** English, Hindi, Gujarati, Marathi

Honours and Awards:

- **Graduation Award:** For successfully completing training at Accenture *December, 2021*
- **Pinnacle Award:** For my performance and hardwork received from Accenture *April, 2022*
- **CodingNinjas CodeKaze:** 5856th rank out of more than 50,000 participants *April, 2022*
- **Google CodeJam:** Participated and cleared 1st round in debut attempt *April, 2022*
